Top Election Issue (in 100 words):

People are telling me that they are concerned about the direction Saskatoon is taking. We have almost depleted our rainy day fund. Our property taxes have increased more than 22% and our long-term debt is at an all-time high. Saskatoon deserves better! We need a Mayor with a plan to rebalance our books while working on new policies to reinvest in our neighbourhoods including recycling programs, safer streets and better traffic networks. As Mayor, I will work with you to create a long term plan to responsibly guide future growth and develop for future generations. With your vote, this will be possible – lenoreswystun.com.
